Born vagina smiles exhale
Pornography you're clean now your veins inhale
A moment comprehends
It's a wave from the tiniest little hands
Inspired I will cum
Between your legs won't run
Breathe breathe
Was I important enough
Not just leaves stains stains
Breathe breathe
I fucking love her too much
To let me run down legs
Why you swallow pills that size
Bye bye a tiny version hides in us
A moment comprehends
It's a wave from the tiniest little hands
Inspired I will cum
Between your legs won't run
Breathe breathe
Was I important enough
Not just leaves stains stains
Breathe breathe
I fucking love her too much
To let me run down legs
Breathe breathe
I think about it so much
That it starts to hurt
Breathe breathe
I know hurt starves
And it eats me up till I hear your voice
On the telephone so soft
Where you been all my life
Where you been all my life
Hurt starves and it eats me up
Till I hear your sweet voice
On the telephone so soft
So soft why you lie to get high don't go away
Please stay and play
Put the needle away
And cherish why she didn't bleed
Raise you up with a smile so proud love

Let you create thought good eye mom
She threw the hanger away
You know through loses I flow still IæŠ!
Cumming up full but dry shy spending no
Time is why I lack a childæŠ` smile
Is why I lack a childæŠ` smile
I will cum between your legs
To have a healthy baby
Let me cum cum cum
