When I stop heating you up
Your rabbit will notice mine
Creature's fur'll get pretty muck
When eyes of mine won't sparkle

You are my destiny

To be continued? Well, maybe
But first you have to conquer me
Give tons of roses, then we'll see
Am I your fairy without peer?

'Cause you are my destiny
You are my destiny, destiny

I've been pursued you for so long
Obsessed with one man, only one
It's topsy-turvy, timid charm
Put million flowers in some urn

You are my destiny
You are my destiny

So now I hope you know the lex
Impartially they call me hex
I never gonna be your ex
It's sad we even hadn't sex

'Cause you are my destiny
You are my destiny, destiny

You are my destiny
You
You

So now I hope you know the lex
Impartially they call me hex
I never gonna be your ex
It's sad we even hadn't sex
Sad we even hadn't sex
