When every day is something new
When every day comes with a hope of finding you
Where every day the dusk rise and the ray falls down

I can feel
The cold calm and the chills
The fear's creeping up on my skin

On this ground
I've laid my dreams in ruins
Tonight
It's nothing like what I've craved

I'm trying
I'm trying to find my way
I'm trying to get to you
But now
I just wanna be in my grave

Being all alone
Behind the wall
In quarantine

I can't feel your warmth
Behind this glass
All I can see is
You goin' down

I can feel
The cold calm and the chills
The fear's creeping up on my skin

On this ground
I've laid my dreams in ruins
Tonight
It's nothing like what I've craved

I'm trying
I'm trying to find my way
I'm trying to get to you
But now

I just wanna be in my grave
