I don't wanna go and start a war witcha, babe...  
Start a war witcha  
I see em fightin in the street now  
They gave themselves up again  
Who the hell we suppose to be now,  
I think we hatin on ourselves again  
Well muthafucka I'm illa  
Born in 1990 raised to be a limo killa,  
I think she wanna get it up now, I aint tryna live it up  
now  
I just wanna be myself holmes  
I think we entered to the danger zone  
And there's a lot of pretty faces  
I get em all washed up boy  
Ya see my face in the ground, imma keep you where  
you are  
You see my face in the sound, they don't let us get far  
Who the hell am I suppose to be, I got blood all over me  
Who the fuck am I suppose to be, I got blood all over  
me  
I'm the sickest from the cutbird we saw the murderer it  
wasn't her  
Cause she's so damn beautiful  
We would know it if we saw her  
They wouldn't let us get no further  
I get impressions from my father  
But he don't tell me what they do  
He don't teach me how to move  
I think we feel the pain again  
I thnk we going insane again  
Like who the fuck am I to be, all they do is wave bye to  
me  
Summer breeze inside of me, see the blood drip that's  
inside of me  
So all I do is get inside of her  
I heard we died when did that occur?  
See my face in the ground imma keep you where yuou  
are,  
You see my face in the sounds they don't let us get far  
Who the hell am I suppose to be, I got blood all over me  
Who the fuck am I suppsoe tp be, I got blood all over

me.
