She comes by herself, Praises us gifts  
Its hard to tell, She leaves so swift  
She don't love you, She don't love me  
Who ever she loves, That man must be free  
I don't know, Maybe you do  
What she be thinking, When she looks at you  
She sits on the floor, Looks at the movie  
She gets hot too, This girl is groovy  
I don't wanna make you run,  
From our lovers, We just have fun  
And we touch ya, But she don't let us fuck ya

She has good intentions, Its obvious to see  
But who is this girl? why can't we see?  
What she would do behind closed doors  
When you are with me, Why can't we see?!

Sarah, You like to keep me wondering  
Sarah, You know you keep us wondering

She's sexy as she sounds  
With her pretty little mouth  
And she likes to Help around  
With little things in the house  
I wanna do things to her mouth  
But she swears that ain't what she bout  
I start to doubt, I start to figure her out  
Sometimes I get to see your sister  
And I touched her, But I, I didn't get to fuck her(I'll kiss ya)  
Don't you know that we talk about you  
Me and my bothers want a, a piece of you  
Pretty brown hair, How long do you plan on staying here  
She brought us drinks and food, She ain't never rude  
Can we share this woman?, It' would be wrong to keep her  
Tell me why she wouldn't, Can't she see that we need her?!

Sarah, You like to keep me wondering

Sarah, You know you keep us wondering
