(Rin)

In another time,  
And some other place,  
In a far away and distant world,  
The one thing that joined us in two very separate lives,  
Was the means of a single paper plane.

Every day I would escape from my hospital bed,  
And hurry to meet you again,  
Seeing you, it means everything to me,  
When I read your letter I can feel my heart grin wider,  
I feel that blush creep over my face,  
I begin to wonder,  
Is this that feeling people call love?  
But why does . . .,  
Papa tell me no?  
Why the scary face?  
Why does he hate that boy at his work place?  
I don't understand this anymore,

If you stay with me forever, always by my side,  
Then I'll have a reason to go on,  
In this room of mine, where the sun does not shine,  
I can see,  
A future,  
Where there is light.

I want to see you again,  
But it's too far away,  
Now even walking, it has become a chore for me,  
If soon I must leave this painful life,  
I want to see you one more time,  
It would only burden you,  
If you were to worry about me,  
So I run.  
I write my good-bye,  
I send it you,  
I put it on a paper plane,  
That way you will never have to see me cry,

(Len)

I will wait, if it takes forever,  
I will wait for you,  
Until you return to me, I will wait,  
If I keep all these letters,  
Maybe my hope will never die,  
And we will meet again someday.

(Rin)

Oh, I'm done,  
From that pass in the sun,  
Now my body doesn't move anymore,  
I guess my life will be taken soon,  
But when I said good-bye to you . . .,

I tried my hardest,  
Always to be strong,  
But I guess it's already far too late,  
When I realize never again will you smile at me,  
Oh, that hurts,  
It hurts,  
It hurts!

Every flower without sunshine,  
Is destined to wilt,  
And wither away until it's dust.  
The only thing that gave me light,  
In this cruel, cruel world,  
Is the letters and the love you blessed me with.  
I can no longer read your letters,  
With these blurry eyes,  
I feel coldness seep over me,  
This must be the end,  
But if this is truly the last moment of my life,  
I pray that I may go to where you are.

(Rin&Len;)

Because I always heard you there by my side,  
I knew I'd never forget that smile on your face,  
Though this darkness managed to rip us both apart,  
We will find each other again,  
Tomorrow . . .  
At that place, I will wait.
