I wanna see that body move...
I wanna see that body move...
I wanna see that body move
I wanna see that body move
I wanna see that body move
I wanna see that body move

I don't care 'cause tonight
I can be the one now
And a stair shines a light
It's hard for me to come down
On the stage
She's enough to make me forget
While she'll pace back and forth
The sun won't set

Well she's makin eyes at me, yeah
And it's time for me to see, yeah
And now I can feel her breathing
And it's time to get her all alone

I wanna see that body move
I wanna see that body move
I wanna see that body move
I wanna see that body move

In the back we're alone
And I make-believe, yeah
What we have is not wrong,
That no body sees
And a kiss from the mouth
Where change's supposed to be
And she starts goin' south
This girl is for me

Well she's makin eyes at me, yeah
And it's time for me to see, yeah
And now I can feel her breathing
And it's time to get her back at my home

I wanna see that body move
I wanna see that body move

I wanna see that body move
I wanna see that body move

I know she want it, I'm on it
It ain't no lie
I don't play it
She's waitin for me at night
When she's grinding
She's mine and it all comes true
When I see that body move
When I see that body move

I wanna see that body move
I wanna see that body move
I wanna see that body move
I wanna see that body move

I don't care 'cause tonight
I can be the one, yeah...
