I said you can lie to me darlin'
But darlin' lie in my bed
Tell me you love me
When I know you love him instead

And I will hang on
Until I'm hanging on by one thread
Yes you can lie to me darlin'
But darlin' come lie in my bed

I love the look in your eyes
When I have found you
While on the wall
All the shadows are falling around you

So let me pretend
It won't end when I know it is bound to
You can lie to me darlin'
But darlin' lie in my bed

Oooo oh how you move me
Oooo when you come to me

I will hang on
Until I'm hanging on by a thread
So you can lie to me darlin'
But darlin' lie in my bed

Yes you can lie to me darlin'
But darlin' lie in my bed
