All alone
Standing here by myself
And my girl is walking
Right down the street
With someone else

There's not a place
Where I can run
In a town this size

So I just better
Look away (look away)
I said I better
Look away (look away)
I said better look away
Before she sees the
Tears in my eyes

She's so close
The girl that I knew so well
With the eyes and the lips
And the skin that
I know so well

I know they're both
Gonna look at me
And if I smile
That's a poor disguise

So I just better
Look away (look away)
I think I better
Look away (look away)
I said better look away
Before she sees the
Tears in my eyes

There they go and
I wonder if either
One of them was wise

But when I
Look away (look away)
I said now when I
Look away (look away)
When I look away
Did she see the
Tears in my eyes

(Look away)
I said now when
I look away (look away)
I wonder did she see
(Look away)
When I look away
(Look away)...
