Did you know I can feel your smile?  
You and I grow closer all the while.  
Can't think of a time when you're more than I love you  
away.  
You are the moon in my night.  
You're the sun in my day.

Shine on, shine on

Have I told you, you're my morning star?  
You're my rainbow, you're my Summer shower.  
Can't think of a time when you're more than a raindrop  
away.  
You are the moon in my night.  
You're the sun in my day.

Shine on,

Do my ears deceive me?  
Or did you say you'd not leave me?  
That from now on, we could be together.  
Closer than a hand is to a glove.  
That I'm the only one you love.  
It's forever.

Love on,

(Instrumental)

Do my ears deceive me?  
Or did you say you'd not leave me?  
That from now on, we could be together.  
Closer than a hand is to a glove.  
That I'm the only one you love.  
It's forever, forever, forever.

Love on (forever)

Love on (forever)
