Like a dream, my life has gone past me  
Taken so soon but love burns so true  
Love never ending that shines like the stars in the sky

And I sing but so few can hear me  
Words from the heart to set your souls free  
Time has no distance deep in love

Know everything goes  
Everyone knows there's something beyond us  
There is a light believe me  
Time turns into dust  
Cry if you must  
But love is the answer  
Bringing two worlds together

Who can see the secrets that bind us?  
Back to the earth 'til love rings so true  
Eyes of compassion and tears of a deepening heart

I have seen the pain of a cruel world  
And reached out a hand for suffering to ease  
Bringing some comfort to the tears

Know everything goes  
Everyone knows there's something beyond us  
There is a light believe me  
Time turns into dust  
Cry if you must  
But love is the answer  
Bringing two worlds together Into one

A mountain of flowers And the perfume  
Floating so high  
Hush and the stillness in a million minds

Know everything goes  
Everyone knows there's something beyond us

There is a light believe me  
Time turns into dust

Cry if you must  
But love is the answer  
Bringing two worlds together Into one
