Who you thought it was, drinkin' in
Hands fillin' my buzz
Fillin' my cup no hesitation
She won't love a attention

I'm taking barely standing
She taste like cherry candy
This is a night we won't forget
So tell the DJ to play that song again
It goes...

I can't keep my hands to myself-self-self
I want you tonight and no one else-else-else
She thinks I'm a player
But she can't get enough
So we gon' dance to we
Fall in love-love-love (and dance)

No I don't want you to stop
The way you moving you got me (got me)
Let me get you another drink

And then we dance (and then we dance)
And then we dance (and then we dance)
And then we dance (and then we dance)
And then we and then we and then we

I don't normally do this
I know it might sound foolish
But I couldn't care less
Not embarrassed
Coz tonight you and I are gonna lose it

Pot bottles spring out the bar
I'm Jack Sparrow
Stay up til the mornin
As long as you ain't gonna leave
And if you do you can hold my keys, coz

I can't keep my hands to myslef-self-self

I want you tonight and no one else-else-else
She think I'm a player
But she can't get enough
We gon listen til we fall in love-love-love (dance)

No I don't want you to stop
The way you movin you got me (got me)
Let me get you another drink

And then we dance (and then we dance)
And then we dance (and then we dance)
And then we dance (and then we dance)
And then we, and then we, and then we

I can't keep my hands to myself-self-self
And we dance, and we dance, and we dance, and we
dance
I can't keep my hands to myself-self-self
And we dance, and we dance, and we dance, (Justice
Crew!) and we dance

No I don't you to stop
The way you movin
You got me (got me)
Let me get you another drink

And then we dance (and then we dance)
And then we dance (and then we dance)
And then we dance (and then we dance)
And then we, and then we, and then we

No I don't want you stop
The way you movin you got me (got me)
Let me get you another drink

And then we dance (and then we dance)
And then we dance (and then we dance)
And then we dance (and then we dance)
And then we, and then we, and then we

I can't keep my hands to myself-self-self
I want you tonight and no one else-else-else
She think I'm a player
But she can't get enough
So we gon dance until we fall in love-love-love (and
dance)
