Lately, my insecurity has got me paralyzed  
Look in the Mirror. It's getting clearer.  
I've got those enigmatic manhunt eyes.  
Feelin' humble, Just like Barney Rubble  
I'm just a part of someone else's show.  
Don't wanna be the guy who has to die,  
in the middle of a Star Trek episode.

I don't wanna go on like Frank Stallone...  
Don't wanna be Second Best  
I don't wanna be your Second Best

I go to parties, trying to be smart  
I practice lines. I try to show some wit.  
No matter how I say it, nobody takes the bait

And I end up in the corner eating chips.  
Don't wanna go through life with my (Rolling 25?)  
Always playing second fiddle to the man  
Why can't I be the best? Not like all the rest.  
Not the professor, I am Mary Ann.

I don't wanna be like Andrew Wrigley  
Don't wanna be Second Best  
I don't wanna be your Second Best  
I don't wanna go on like Don Oates  
Just second best.

Everytime I turn around, I'm Art Garfunkel out.  
Don't wanna be Second Best
