

Long Story Short

"Someone"

I looked for your reflection
In a shadow on the ground
And when I looked around
I found nothing
And the wind disturbs the surface
And I couldn't see the view
All I felt was you

Yeah, you have become someone,
Someone
Yeah, you have become someone,
Someone
Who matters to me

All the pain I had to carry
Before you came around
It strangled all the light
And nearly bled me dry
Now I'm deeper than before
And now I realize
That love's worth fighting for

Yeah, you have become someone,
Someone
Yeah, you have become someone,
Someone
Who matters to me

And I never used to care
If I looked like a fool, obeying the rules
And then there was you
I reach out for the clouds, but I can't touch the sky
Now all of my strength comes from my weakness for
you

You have become someone, someone
Who matters to me
You have become someone, someone
Who matters to me
Ah, ah, ah, ah,
Ah, ah, ah, ah

You're someone to me
And you matter to me
