I hear you're mad at the world
Mad at the ones who choose to follow
Another's life
Well, if you want to get away
Come right this way with me
And you will see
What about the ones that always fake
Who they are
Don't worry
They'll always be the same
Well if you want to get away
Come right this way with me
And you will see
That in my mind
What I believe exists
And I can dress how I want
And act how I want
And no one can bring me down
Well I can solve all your worries
For the next day
Slide this capsule down your throat
And your world will become what you've been waiting for?
All these years
