I don't know a lot about her  
But she, she knew a lot about me  
Her family seemed to love her  
If what they say is true  
Her friends all shared the good times  
Man, that girl has love  
That girl has -  
I, I didn't have a clue then  
That a kiss  
Would change my whole life again  
She walked into my room  
When I was all alone  
She told me I would date her from  
September 'til December  
She doesn't know  
Things will never be the same again  
She'll always be seventeen  
That girl has love  
She kept all the pain inside  
Now she has got nothing to hide  
At such a young age  
She took her own life  
Now she's seeing things that come in  
Our dreams at night  
She's a dreamer  
She doesn't know  
Things will never be the same again  
She'll always be seventeen  
That girl has love  
That was too real  
To ever be fake  
That was too strong  
To ever be forgotten  
That girl has love  
Love, love, love, love, love  
Love, love, love, love, love  
Love, (she can't), love, love  
Love, love, love, love  
She doesn't know  
Things will never be the same again  
She'll always be seventeen

That girl has  
That girl has  
That girl has love.
