Oh good Lord above, i'm immune to the love of a good man

I go for the suckers, the mean motherf\*ckers I can't resist.

If I should get bitten. As long as he's smitten I understand

That pain comes with pleasure, such bittersweet treasure cannot be missed.

So how could you help me now?  
I can't help myself....

I go on and jump, give it a try  
Checking the parachute, see if it flies.  
I don't care if I should fall I never bruise...  
Go on and jump, give it a try  
Don't call the ambulance, i'm still alive  
And if I should break my neck i'll make the news.

The Friday night ritual of pulling habitual non-entities.  
The lawyers, the bankers, the next morning thank yous  
and "call you soon..."  
These public school faces, I thought time erases one's misery  
Oh no, it comes back to haunt you, old photos will taunt  
of your big mistake

So how can you save me now?  
I can't save myself....

I go on and jump, give it a try  
Checking the parachute, see if it flies.  
I don't care if I should fall I never bruise...  
Go on and jump, give it a try  
Don't call the ambulance, i'm still alive  
And if I should break my neck i'll make the news.

So how can you save me now?  
I can't save myself....

I go on and jump, give it a try  
Checking the parachute, see if it flies.

I don't care if I should fall I never bruise...  
Go on and jump, give it a try  
Don't call the ambulance, i'm still alive  
And if I should break my neck i'll make the news.  
I go on and jump, give it a try  
Don't call the ambulance, i'm still alive  
And if I should break my neck i'll make the news.
