I was born on the outside  
Waiting for my ticket in  
If you think that you can lick me  
Honey, I don't even know where to begin  
Don't you wage a war on my you'll never win

I was resided not to remember  
And the evidence is right below the skin  
So before you build your cross

The vital signs of life  
The vital signs of life  
Are there

If you think that you got me  
And this pain is all for you  
Let me know if you can stop me  
Cause you'll never understand why I've been through

I can be that vicious too

The vital signs of life  
Vital signs of life  
Vital signs of life  
Are there

And you can't take that away  
Can't take that away  
You won't take that away

Vital signs of life  
Vital signs of life  
Vital signs of life
