She was created  
By human hands  
She was not one of us  
Her body is like  
A juvenile woman's  
With gorgeous shapes but without a soul

We're dying, we're crying  
Just because she escaped  
She awaked, she crushed  
The prison's walls  
We're bleeding, we're trembling

She's somewhere near us  
She's seeking, she's killing  
Only for revenge

Andromeda  
(She can smell our skin)  
Andromeda

She can smell our skin  
And read our fragile minds  
She knows our next move  
Her revenge for all years in pain
