I want to be your
little one
I want to be felt so
deep inside

I am your growing passion inside your mind
You will commit the angel's holocaust

I want you by my side
To feel you so deep inside
Our candle is burning bright
Like million exploding suns

And if I die
I will be by your side

You are the angel
of all my dreams
and when you die
I will be by your side

I want you by my side
To feel you so deep inside
Our candle is burning bright

Like million exploding suns

And if I die
I will be by your side

Carving deep in to my heart
you spread the wings of innocence
And then you will be able to reach
The long cold distances where I hide
For You

And if I die
I will be by your side
And if you die
You will be my side

You are the angel without the strings

Don't want to reap your fragile wings
Spread it and shout loud and clear
