I come from vast empire
I come across the sea
My eye is in your wallet
There's no escaping me

My uncle leads the army
Fighting in distant lands
The only reason is that
Blood of the land is black

For country
For freedom
Fight for me and religion

I am god
And you'll do what you're told
I am God
Fighting for black gold

I am God
The only faith that's true
I am God
Is my over you

You're salt of the earth
That has been thrown away
Pushed and sowed in the land
To curse the enemy

I am God
And you'll do what you're told
I am God
Fighting for black gold

I am God
The only faith that's true
I am God
Is my over you

I am God
I build and destroy

I am God
Give and withhold

I am God
Puppet in the hand
I am God
Of the shadow
