It's hard to open the eyes  
When the fear is waiting outside  
Why do I see them?  
Like blurred shadows in frame

Creeping behind me  
Stretching their hands  
Watching me through the eyes of the strangers

Disillusioning my mind  
String of thoughts  
With fear, falls apart

They are on to me  
They are coming here  
Closer and  
Closer again  
They are on to me  
And they are here...

Cold sweat on my neck  
The adrenaline rush  
My eyes are twitching so fast  
Beats of my heart  
Blood running wild  
Fear is overwhelming me

They are on to me  
They are coming here  
Closer and  
Closer again  
They are on to me  
And they are here...

They are on to me  
They are coming here  
Closer and  
Closer again  
They are on to me  
And they are here...

They are coming

They are coming  
They are coming  
They are coming here  
They are over me

They are on to me
