Now it all comes down to this  
Break a lie and bite the first

I feel nothing else than pain  
You did it once, you'll do it again  
It is time I crush these chains  
Now begins the time of change

I'm sick and tired of your lies  
You broke the rules now pay the price

I feel nothing else than pain  
You did it once, you'll do it again  
It is time I crush these chains  
Now begins the time of change

I am slowly floating away  
Drifting through the confusion  
I am rising above the clouds  
Finally here, without the fear

I feel nothing else than pain  
You did it once, you'll do it again  
It is time I crush these chains  
Now begins the time of change
