Here to tell you a twisted story  
Like back when comics were gross and gory  
Before Dr. Werthan, that righteous slime  
Claimed horror and gore led kids to crime

Acid in the face, needle in the eye  
Decapitation, dismemberment, even sicker ways to die

And so the story goes  
A creep commits a crime  
Sanguinary, atrocity  
A body dissected while alive  
The vital parts then sold  
Still living flesh, not cold  
To make a tasty sausage  
Making cannibals of untold  
Now there is a widow with a malignant plan  
Revenge for her own man  
She sliced and diced

Revenge for sixty cents a pound

Seduce the innocent  
Seduce the innocent  
Seduce the innocent  
Seduce the innocent
