Hater of men, oh, bitter seed that cip on your shoulder
has got you locked in purgatory as dreary a fate, as
that may be you hold it in your heart, to let go, and
break free... let go! (x4) - #%#\$% &!!@\$ \$*\$%&&!!!
Weigh your choices, but I don't need you, you see
beauty surrounds me, and unlike you I see wonderful
characters, strangers, friends, in the people around
me.... let go! (x4) - you're a time bomb ticking, and you
don't know why! - Fury's face...does not become you
Arie's ways... are you untold in you unleash
hearts...suffovating inside of you let down your guard
to the beauty that is surrounding you!...go!
