This is what you're waiting for
I can't make this decision on my own.

We're just waiting, waiting for,
Waiting for the right move,
Waiting for the right move.
Burn out, burn out all the dark
We can give it up for a night
Burn out, burn out all the dark
Patience for the sun to rise.

Good things come to those who wait, so what are we
waiting for.
When the windows start to shatter.
(To put you from the start)
I'll keep fighting on till the pain fills the air.
Pray for, pray for me
I must, must be dreaming.
There's no room left for you
We'll stay carrying on.
Pray for, pray for me
We lost ourselves.
(So far)
So far (So far)
So far in existence.

I've been staring out the broken glass
Waiting for you to come back home.
I'll stay fighting on.
In this hand an empty note
(I'll stay fighting on)
(I'll stay fighting on)
When the window starts to fade
I'll stay fighting on.
I'll stay carrying on for a second chance, another start.
I'll stay carrying on to breathe in deep, breathe in new
life.

This is what you're waiting for
I can't make this decision on my own.
