Keep hating yourself for what we don't understand.  
Keep searching here, searching there.  
You're just searching for attention.

Keep running your mouth  
I have nothing to say  
All bets are are off  
Keep feeding on  
You'll stay feeding forever.

We are so far from you.  
We are so far.  
We've fallen out, fallen out  
Find yourself another plan.  
Steady breathing, mark your steps  
Don't break so easily.  
You can find yourself, find yourself  
You can find yourself another way out.

We're falling short of something new  
And will we be honest with ourselves?  
Don't make intentions desperate  
I'll never let go, let go of you.

We fall too fast  
Don't save me, I couldn't see it coming.  
We fall too fast  
Don't save me, I couldn't see it coming.  
Don't save me, don't save me.  
We are, we are so tempted  
We've grown so sick of walking.  
We're falling way too fast.

We've fallen out, fallen out of you.  
Now watch us bow down.

We're falling short of something new and speed things  
up  
To watch them slow down.  
Help me, we are so god damn far.  
Help me, we are so god damn far from you.
