Humanity always needed to socialize
That's the reason many standards were made
And we all accepted
Inked paper replaced barter
Banks unfair
Abstract!
And a bit replaced a coin
Banks unfair
Government and banks, money made by order
Refusing to know the government is all the folks
Fraud, deceit
Interest's a value to get power
Banks unfair
Inflation
Invented to make the poors
Banks unfair
Seigniorage, usury, lies!
Seigniorage, usury, lies!
