Behind those smiling faces
Given to enchant
In truth I see much sadness
And the real poverty
Congratulations to
Your keen organization
It's a pack of lies!
It's a pack of lies!

Hey sandman! Take a look around!
Hey sandman! It's time to close your mouth!

Corruption worthy
Of a coward like you
Do you think you have protection
And nothing kills you?
Time's running away
And this you cannot stop
Take your chance
And know yourself!

Hey sandman! Take a look around!
Hey sandman! It's time to close your mouth!

Something really precious has the upperhand
And what you gonna do when you are made of sand?
Don't you hear Mother Earth who is crying?
Won't you stop shedding this blood so oversize!
