(Mark Spiro/John Hobbs/Shane Minor)

I don't know what it was about her 'cause
She's still on my mind
So wild and young I could not keep her
But waiting here's just fine
'Cause I know someday she'll come my way
And soon the sun will shine

And if I ever lose my heart
I'll lose it to a girl like that
If I'm gonna save all my love
I'll save it for the day when she comes back
If I ever lose my heart
I'll lose it to a girl like that

Now she can wrap the world in ribbons
Make the stars her string or pearls
With the colors of the sunset
She takes me around the world
Now every night in silent prayer
I'm sending her my love out there

And if I ever lose my heart
I'll lose it to a girl like that
If I'm gonna save all my love
I'll save it for the day when she comes back
If I ever lose my heart
I'll lose it to a girl like that

And though I know she's gone
A million dreams just can't be wrong
There's no one else on earth
That makes me feel the way I feel with her

And if I ever lose my heart
I'll lose it to a girl like that
If I'm gonna save all my love
I'll save it for the day when she comes back
If I ever lose my heart
I'll lose it to a girl like that

If I ever lose my heart
I'll lose it to a girl like
A girl like that
