I wake up the morning cup of coffee in my hand and a song in my head,
Outside it's pouring, I heard the weather man say that I should stay in
There ain't no sunshine but it's all right ain't no blue sky's but it's feels
Right I'll get the rain on my skin I'm ready for the day to begin.
I hear the drip, drip falling on my as the lighting joins in and the
Thunder starts like a beat box, got a smile on my face, it's the perfect
Day to go dancing in the rain.

(Do, do, do, do, do, do, do, do,
do, do, do, do, do, do, do)

It's the perfect day to go dancing in the rain.

(Do, do, do, do, do, do, do, do,
do, do, do, do, do, do, do)

It's the perfect day to go dancing in the rain.

I take my umbrella you can keep it I don't need it it's soaking up the day.
(Ooo) this is my count off I'll tip my hat back and slaps go 5, 6, 7, 8.
Ain't no sunshine but it's all right ain't know blue skys but it feels
Right.

I got it falling down on my skin and it's the perfect day to go dancing in
The rain

(Do, do, do, do, do, do, do, do,
do, do, do, do, do, do, do)

It's the perfect day to go dancing in the rain

(Do, do, do, do, do, do, do, do,
do, do, do, do, do, do, do)

I don't need no coat it stops the beat as the rain drops fall. And I'm a
Big old kid, and I ain't stopping till the sun breaks in light
