When your only defense is an expense or taken to task  
by the fools at hand. What price would you pay the  
piper? You struck up the band, so you gotta dance.  
Who's eyes do you see the world through? Which book  
do you consider as good? Are you ready to die for your  
country? Or die trying in your own neighborhood? Sin -  
Of Pride. The sin of pride is a heavy fee. Sin of Pride.  
Become a slave to what's keeping you free. Sin of  
Pride. Take back what you've been denied. Sin of Pride.  
I'm no talking creed or race, it's not an issue that I'd  
planned to attack. And I'm not trying to rationalize  
between a handshake and a knife in the back. If pride  
is a sin, then none of us win. Black and white, gentile  
and jew. Purge yourself in the flames of "right". The sin  
of pride, what's it done for you?
