Mr sound selecta
Hook me up with the melody
Mr sound selecta
Hit me with the beat
CÂ'mon

[Verse:]

Leave your vocal points at the door
No submerged rhyme tactics
Keep your soul
Whilst shattering verbal lyrical fractures
All content seen in context, it just reflects
When the beat pulses the system
Who knows what comes next?
Architect of the arch musical dynasty
Once again another set from the S.A.B.R.E
Headphones set alight from the heat we supply
Voltage on high elements elevate to the sky
Derive the means like slim
But never shady on premier
Cultivating, Navigating, air raiding through sound
layers
Debutant when first dropping beats elevating vinyl cuts
You didn't see it coming till the force pressured
motion to bust
Raw facts, True essence don't echo through all raps
We need to counteract bringing them soul claps
Ignite roots connection, Express new projections
Innovative, Creative styles in which we're blessed
with.

[Chorus:]

It's on
It's on tonight
(We came to get up all night)
On and on tonight

It's on
It's on tonight
(We came to get up all night)

On and on tonight

[Verse:]

Audio speaking through your speakers
The system's out of commission
Pay attention concentration this art of verbal
expression
Under pressure the compression of disruption to the
nation
Causing radio eruption verbal destruction
Music construction this verbal transmissions our way of
life
With explicit in our expression through music we're
causing hype M.C Old, Awa, D, Sabre, Heath, J.P
Bringing you recipes hot flavours with the beats now

We can't forget about the melodies, harmonies
flowing systematically
(This is how we do it)
Possibly this domination will effect
(oh yeah)
With unpredictable M.C's unite collaborate
(Now baby)
"Stereodic" ability disables this negativity
Dropping new components as we be rocking through
the industry
Sufficient dynamics real satisfactory
Systematically alive pushing through the boundaries

Now all we want to do is feel the vibe to take us higher

Here comes another one unlike them other ones
Melodic and hypnotic psychotically patriotic

Let your body flow let your body flow
Fire it up fire it up

[Verse:]

Automatic system and vinyl cipher kinetics
Microphone intimidation impenetrable phonetics
Lyrical mentality a syndication of style
Prepare to battle on the mic
Generation Nesian Child
So what's your cipher pick up the vibe and turn the
lights on
Semantic imagery of audio system we ride on
Let bygones by bygones you know you can rely on
The beat to carry the melody prolifically all night long

It's on to the break of dawn
Nesian Style party all night long... its on

View sound through all types of audio spectrums
Contender's reigns are short lived once we rock their sections
I come complex wit flows like Sabre, Trax and N.A.T did
Orbit the mic Beastie Boys Intergalactic

[Chorus:]

It's on
It's on tonight
(We came to get up all night)
On and on tonight

It's on
It's on tonight
(We came to get up all night)
On and on tonight
