Chorus

(Te Awanui and Donald)

N.Z.H.I.P.H.O.P

Graft b-boys, DJ's and MC's

Represent to the fullest only the strongest can survive

Aotearoa commence to penetrate

Worldwide

Verse1

(Junior)

You're looking strange at me

Because no one has told ya

That us polynesians be keeping it undercover

Self profile, we are coconuts from the city

Change songs to hits

You ready for this

You spend your life being a lyrical theive

Initialise realise with verbal artillery

With systematicly flows that control the shows

Fresh dialects with this technique unknown

With this semi automic machine gat

With endless melodic ammunition

Yo assume the position

As you reach for the skies, wave hands side to side

New Zealand hiphop with the hint of Nesian Style

Represent your side coz everybody knows it's a must

This Nesian style mooli is the style we bust

As we lay this track to ashes like dust to dust

Unique style is untouched

Chorus

Verse 2

(Donald)

Microphone checker

Attention here's an announcement

If you ain't down with NZ hiphop you better bounce

This is the final boarding call Aotearoa bout to take off

This ain't Con Air like Nicolas Cage so take your face

off

I call for quality control but we're not 5 from jurrassic

The aftermath has passed with emcees who stand fast

Can you last the last mile of madness

As we drop bombs over wack kats

(Feleti)

Obscure delligence of raw venemous deliverance
Analysist and lycrist take refudge and just listen in
(Donald)
Death by own admission ain't accountable for those
who listen
Or those who can envision the picture that I spit for all
BBoys, Turntablists, Emcees, Beatboxers, and Aerosol
artists
See you best believe N.Z.H.I.P.H.O.P HARD
Aotearoa status Kaupapa driven not dirty pop
Chorus
Verse 3
(Feleti)
A coat of armour built upon MC is what I adorn
Entrenched in the defence of hiphop's modern war of
dot com
Verbal canters and hollow throat venom spit'n' mc's
Striking like phantom menace in the dungeon of no
release
Ignorant provokers of imitators and mimickers
Just sparking drama scattering negative images in my
villajahs
As an MC my passion burns deep
In comparison your flame flickers or merely melts from
my heat
All the real heads keeping them true links roots down
Stabilise orators remain on level ground
My verbal stance echo's no others cause I create
composition
Relevant to the south pacific edition
To many MC's with the battle mic complex
This is where I drop sciences
On how hiphop is more than hollow threats
Spirits of good intention emanate through dark
enclosure
We manoeuvre to revolt against industry taking over
Chorus
Bridge
Pacific oblique, technique souther atmosphere
Penetrating to the mind, devastating to the ear 2x
