Oh yes yes yes

Gonna sing you a slow jam
It be a little something different to the regular program
Close your eyes, take a seat, this is why
It be simple kind of tune, taking you back to the jams to
the old school
With a raw soul release, where balance is acheived
Rugged flow steps beneath the tones, searching for
the key
Be driven in this, oh groove expedition
Its a slow jam, oh yes indeed a slow jam, alleviating
your mission
So, hum along and click your fingers, tap your feet,
nod your head
Clap to the beat
Going out to the brothers and sisters, on a soul retreat
Oh yeah yeah
So invision yourself, chilling by the fire, oh jamming
away
In a place where you feel right, carefree, invisible to
life
No stress, no sight of worries, oblivious to time

Chorus

Oh tell me do you like our Nesian Style?
The way it makes you move?
Does it ease your mind?
And do you feel alright?

Tell me do you like our hori ways, oh its on for days
Oh does it take you away, oh to a better place

Tell me do you like our way(ohh) Would you like to stay
(tell me)
Would you listen to a slow jam (ohh) Are you getting
with the program

Tell me do you like our hori ways, oh its on for days
Oh can you take me away, oh to a better place....

Tell me...
