Hey. Hey. Hey. Eeeeyah oh. Eeeeyah oh
Hey. Hey. Hey. Eeeeyah oh. Eeeeyah oh
Today is better than yesterday.
I want to go out and celebrate.
I want to party the night away.
Cause life is better than yesterday

Look at me now baby look at me now.
Look at me now baby look at me now
Look at me now baby look at me now
Look at me now
I am sitting on top of the world

Rocking down to the Sidney sound
Samson beat and shut him downnnnnnnnn
Bang dang killer in your town
Don dan aratta don don

Party down like you don't give a fuck.
Pour some more of this up in your cup.
Get drunk, get fucked up.
Bang, bang, aratta bang, bang

Today is better than yesterday.
Today is better than yesterday.
I want to go out and celebrate.
I want to party the night away.
Cause life is better than yesterday

Look at me now baby look at me now.
Look at me now baby look at me now
Look at me now baby look at me now
Look at me now
I am sitting on top of the world

Today is better than yesterday
