Me plus you, that equals better equations
We must do, do subtraction of your clothes
Me and you, you got a date tonight
I'm gonna be so straight tonight
These chicks wanna come take me right

So walked in the club looking so fresh
Chicks on set, drinks on deck
Hickeys on my neck, but they don't care
Got they hands up
Put put em in the air
Spot this fly chick, ask her name
God damn girl you got ass for days
Took to my crib we can catch a train
Ain't got no whip cause my cash ain't straight

Walked to the club, forgot my swag
But it's okay, I got a chick to bang
Prim tuck low, passed this side
Haters on the wall, looking all night
Jack the club, no jack and coke
Skip the bar, I ain't got no flow
Got no ice, got not tone

Riverside (Lets go!)

Let's go, let's go

Me plus you, that equals better equations
We must do, subtraction of your clothes
Me and you, got a date tonight
I'm gonna be so straight tonight
These chicks wanna come take me right

Nuff bout me, what's up wit you
1 plus 1, it equal two
You got a man, here's why I ask
Back to my crib, we can do some math

You plus me and me plus you
Me plus one, you plus two
You plus me and me plus you

Me plus one, you plus two

Tu-tu-turn it up
Tu-tu-turn it up
Tu-tu-tu-turn it up
Tu-tu-tu-turn it up
