I like stayin' up all night
I think it's my right sleepin' noon
I love watching scary movies
I could stay shopping all day
Gettin' my way
Tryin' on shoes
Don't tell me what I should be doin'

Give me a break
I'm just a teenager
I like putting things off til later
Just hangin' out
Havin' fun
Takin' my time
Give me a break
I'm just a teenager
I'm automatically attracted to danger
I can't help myself
Can be no one else
I'm just a teenager

I dread making my bed
I wish I could get out of cleanin' my room
Cause I hate keeping my friends waiting
Fast cars
Playin' it by heart
Googling stars
And searching for tunes
Does anyone here get what I'm saying?

Give me a break
I'm just a teenager
I like puttin' things off til later
Just hangin' out
Havin' fun
Takin' my time
Give me a break
I'm just a teenager
I'm automatically attracted to danger
I can't help myself
Can be no one else
I'm just a teenager

[Ring ring]
[Speaking phone conversation]
[Jordan:] Hello, this is Jordan
[Girl:] Hey what's up?
[Jordan:] You'll never guess who called me yesterday
[Girl:] Who?
[Jordan:] You know that guy that's taking me to
homecoming?
[Girl:] Yeah
[Jordan:] He was like, "you took my breath away when I
saw you."
[Girl: laugh]
[Jordan:] He called me sweetie too!
[Girl:] Aww
[Jordan:] I don't know if I like him though.

I want more minutes on my cell phone
I wanna credit card of my own
I want the keys to the Mercedes-Benz
Yeah
I wanna wear what I wanna wear
I wanna copy when I think it's fair
I wanna chill at the mall with my friends
(At the mall with my friends)
Does anyone here get what I'm saying?

Just hangin' out
Havin' fun
Takin' my time

I can't help myself
Can be no one else
I'm just a teenager
Give me a break I'm just a teenager
I like putting things off til later (til later)
Just hangin' out
Havin' fun
Takin' my time
Give me a break I'm just a teenager
I'm automatically attracted to danger
I can't help myself
Can be no one else
I'm just a teenager
Give me a break I'm just a teenager
