This time  
This time  
This

I made the mistake like before  
Givin you the third degree, takin you through it  
I told you I get what I want  
And I ain't tryna hear nothin else but just do it  
And I had to take a good look  
When everything else didn't have a ring to it  
I'm sittin here blamin myself  
When I saw what you were feelin inside, I misused it

This time it's all my fault (Ooh oh)  
This time I can't let go  
This time I did it  
Really, but I got these feelings  
How am I supposed to know? (Ooh oh)  
Can't let my weakness show (Yeah yeah)  
Havin my fits may cause me to miss this first chance at  
real love

This time I won't let you get away from me  
This time I'm gonna let you take it where it should be  
This time I won't say no  
Cause sayin no is a way to protect me  
Baby this time (this time) this time (this time) this time  
(this time)  
I'mma let you want me

Every female I know  
Can't seem to take her eyes off of you and I see it  
It's just that my girls been so hurt  
And I'm not tryna be the next one goin through it  
I see that I got somethin real  
And I don't wanna lose it and gotta to say thank you  
The thought of you gone gives me chills  
So baby let's just put this aside and just come here

This time it's all my fault (Really all my fault)  
This time I can't let go

This time I did it  
Really, but I got these feelings (And I got these  
feelings)  
How am I supposed to know? (To know)  
Can't let my weakness show  
Havin my fits may cause me to miss this first chance at  
real love

This time I won't let you get away from me  
This time I'm gonna let you take it where it should be  
This time I won't say no  
Cause sayin no is a way to protect me  
Baby this time (this time) this time (this time) this time  
(this time)  
I'mma let you want me

Never will I deny you love me  
All this time you stuck here and didn't leave (my time)  
Now I know what 'trust me you will see' was (And I owe  
you)  
All my heart and deepest apologies  
So let's take this back to we got it man  
I just wanna do this with you boy

This time I won't let you get away from me  
This time I'm gonna let you take it where it should be  
This time I won't say no  
Cause sayin no is a way to protect me  
Baby this time (this time) this time (this time) this time  
(this time)  
I'mma let you want me  
This time I won't let you get away from me  
This time I'm gonna let you take it where it should be  
This time I won't say no  
Cause sayin no is a way to protect me  
Baby this time (this time) this time (this time) this time  
(this time)  
I'mma let you want me
