[Verse 1:]

Nothin makes me more happy than to know
That I have such a close friend
To know that you're down for me is reassuring
It's the reason I'm always smilin

And when I'm kickin' it with you
I have a lot fun with you
Never any kind of pressure
Comin' from you
Trying to get me to do
Anything I'm not ready to
That's why I really like you

[Chorus:]

Da da da da da
Da da da da da
Da da da da da
You make me happy
Da da da da da
Da da da da da
Da da da da da
So very happy

[Verse 2:]

I never get tired of talkin' on the phone with you
For hours at a time
And as time goes by we become grown up and wise
I hope we'll be just as tight

And it was supposed to be
Then we're gonna be
No one can stop what's destined
For you and me
Who's to say that we
Won't fall deep in love
It's a very good chance because

[Chorus x2]

[Bridge:]

I might be young
But I still know what it is (to be happy)
I know what's in my heart
I know what's on my mind
And it's you all of the time

[Repeat Chorus to fade]
