See your face from afar  
Projecting you into a star  
Skin so pale and eyes so black  
Are you ever coming back?

And do you feel  
Feel alive  
Do you feel  
Feel alive

Puritan inside your heart  
Turning night into art  
Decorum might get to you  
Projecting you into a God

And do you feel  
Feel alive  
Do you feel  
Feel alive

Do you feel  
Feel alive  
Do you feel  
The hammer of the Gods?

And do you feel  
Feel alive  
Do you feel  
Feel alive

Do you feel  
Feel alive  
Do you feel  
The hammer of the Gods?
