I'll take you for a ride
On my garbage truck
Oh no

I'll take you to the dump
Cuz you're my queen
Take you uptown
I'll show you the sights
You know you wanna ride
On my garbage truck
Truck truck truck

We'll pass nations by
Drive right through the needle's eye
Oh my
My my my my

I got a stereo
Tou just gotta turn the knob
And baby we'll go
As far as we can
I'll be your garbage man
I'll take out your junk
And crush it down

Jesus in the rear view
And the highway patrol is up ahead
In my garbage truck
Truck
I'll never throw you away
When you're old and grey
We'll just (fold?) it away
