We used to be together you and me were more than  
friends  
Together we jumped the fence, together until the end  
I looked through the window of my house I don't  
recognize your face  
Something in you has changed is like you are someone  
else  
You've turned into plastic a factory man made smile  
But nothing lasts forever when memories die  
You are like a mannequin mannequin boy  
You are like a mannequin mannequin boy  
I'm getting so tired and lonely  
I'm only human I'm hurting  
You are like a mannequin mannequin boy  
You are like a mannequin mannequin boy  
But nothing is perfect  
You don't have to try so hard  
Wiped my tears, said my prayers had to say goodbye  
The person deep inside  
Committed suicide  
And all the innocence that carried me into your eyes  
It's been sacrificed  
It's been cold as ice  
You turned into plastic  
A factory man made smile  
But nothing lasts forever  
When memories die  
You are like a mannequin mannequin boy  
You are like a mannequin mannequin boy  
I'm getting so tired and lonely  
I'm only human I'm hurting  
You are like a mannequin mannequin boy  
You are like a mannequin mannequin boy  
But nothing is perfect  
You don't have to try so hard  
Don't want to say goodbye  
Don't want to live to die  
A million secrets lying underneath your eyes  
I know you'll pay the price  
You've made the compromise  
There's no turning back no turning back  
Oh baby baby baby...

You are like a mannequin mannequin boy  
You are like a mannequin mannequin boy  
I'm getting so tired and lonely  
I'm only human I'm hurting  
You are like a mannequin mannequin boy  
You are like a mannequin mannequin boy  
But nothing is perfect  
You don't have to try so hard  
Oh Baby baby baby.
