It was great how we started what we use to be now it  
seems like u don't want shyt to do with me if you don't  
let me know to keep it moving g but I don't don't wanna  
separate the u n me sitting back reminiscing how it  
used to be it took you a lil minute to get use to me but  
always knew that you'll stay true to me never put a limit  
on the things you do for me

(Verse1)

Should have never let you go what got into me don't  
want you to treat me like an enemy if you leave prolly  
won't be the end of me but I don't want it to happen so  
let's end the beef if not my lady you'll always be a  
friend to me somthing special like family or kin to me if  
missing you was a crime then thell sentence me right  
now nothings really making since to me  
got a sign how you feeling and its killing me can't  
decide if you really even filling me like a car if you was  
down u got a lift from me holding on to old shirts cuz  
there's a sent of me its like god sent a angle down here

Driven down ya street hoping that u at the home if only
