With the wind at your back and the light in your eyes  
The freeze of your blindness will show  
Under the cloud cover, the flares signal change  
Will you ever know?

The fields, they are burning, the smoke chokes your  
breath  
Will you stand or run?  
You dream of a mountain, the peaks rise to the sky  
Will you answer its call?

Is your heart still beating? Can you feel this at all?  
This landslide will bury us all  
With the storm on your mind and the clouds in your  
eyes  
Will you survive?

Lie in wait, I will lie awake  
Falling through a world unknown
