On this earth - lay me down  
Soil my blood - this shell will fade  
Gods with eyes - i'm ready now  
At the hanging tree - giver of life  
Great mother heal - I will rise

(I believe in you - we all keep the flame  
We are all pure flame inside)

Down spiraling outward  
Revive to survive  
Prey to the mystics  
Prey on

Dust falls through my hands  
Dreams shatter away  
Burning glow turns to ash  
Thrown to wind

The weave in my dreams  
My strength of fates  
The tunneling helix  
Tongue a flame

A healing delusion  
Beyond true will  
A seering blue gaze  
Breath my fire

What hath god wrought  
Divine misthought  
No senses, cold and sedate  
A self-imposed  
Fear-driven state  
Too hurt to see  
Unhidden truth  
Increasing void  
Worsened fate
