Chino XI & Playalitical Be With You Lyrics:

[Intro: Bizzy (Chino)]

Yeah, I will always love you

Get what you need believe me - what it do

Get what you need believe me

Please believe me, please believe me

One time boy - yeah, ay, ay, ay [echoes]

(Chino XL and Bizzy Bone, Something Sacred)

(Playalitical on the beat) You better ask somebody!

[Chorus: Bizzy Bone]

I will always be with you, I will never leave you

Get what you need believe me, please believe me

Cause I'll always be with you, I will never leave you

Get what you need believe me, please believe me

(c'mon now)

I will always be with you, I will never leave you (back up)

Get what you need believe me, please believe me

I'll always be with'chu, I'll always be with'chu

I'll always be with'chu, always always always always

[Chino XL:]

Now as I'm starin at my watch (just starin at my watch)

I am not admiring the size of the rocks

But I'm missin my daughters when I am out of state

This time I can't replace and I wanna see my lady face

But I can't leave my music either, mira

See why we cry sometime; my momma ain't in my life

The pain that I survive, I never leave my loved ones  
behind

'Til I'm gone and my grave they are standin on

I almost broke down in the middle of the session

I can't go on MapQuest to find my life direction

I'm a mess when I'm away from little Bella

Away from little China, or my daughter Kiana

It's they future I'm invested in

My man 'Litical whose lady is expectin (God bless 'em)

My homie Adrian lost his son Little A

So Chino close his eyes while Bizzy Bone sing

[Chorus]

[Bizzy Bone:]

Trapped in a sick ideology, scientology  
Philosophy, those carbon... copies are the real deal  
Holyfield, battle the oppressor  
The professor never came to be nothin, no need to  
stress ya  
Love letters to the thoughts forever  
Sendin praise in a secret place, and beat my place  
never (shhhhh)  
The birth September, identity Bryon  
What you gon' do? Rocket here to Planet Orion  
How could I resurrect ya, only to protect ya just to do  
cool  
Common collector, that's the attitude  
Gratitude, latitude, mad at me but baby I ain't mad at  
you  
Destiny love Jesus, praise God, that's who ask you  
One love, one love, one, one  
One love, one love, one love, huh?  
One love, one love, one love  
Hey, hey, hey, hey, hey!

[Chorus x2]

[Outro: Bizzy]

Bizzy Bone trust and believe  
One time for they mind baby  
Got Hazardous in the house...
