[Chorus:]

It's take a little time to show the blind  
Which way to walk in the dark, let my rhymes shine  
Lyrics are a lost art, but still a love on mine  
We can bring it to blood, Stay in the line  
Stay in the lines, like a kid when he coloring  
Stay in the lines, fuck you and who you running with  
Stay in the lines, so I can get on some other shit  
Stay in the lines... Stay in the lines...

[Verse 1:]

Every time I rhyme it's history in the making dog  
Ready to go war like it's reverse Lebanon  
Don't it make you happy when you hear Chinos on  
Even if I had to dumb it down a little bit for that song  
Man I still flush your head down a toilet bowl  
Shoot you in broad day just to witness it was said "Sean Paul"  
I figured out I save myself, I can't save you all  
Proved it on the radio, I was star working with snoop dogg  
"Chino you finally blowing up" you don't say  
Shut you down like Jennifer Hudson do to Beyonce  
My secret is, I don't give a fuck, "nah! "  
My spit funky like James brown body is inside my pickup truck  
Will I slap a motherfucker, don't assk  
Be up in your crib with a black ski mask  
They try to hate me out the game like Dame Dash  
But we pray it never happened like Aaliyahs plane crash

[Chorus]

[Verse 2:]

Yo, I try to get a grip on my emotions  
Chino is def, I circle the heads of dying vultures  
Inhaling breath, exhale sweat trying to focus  
When Dr. Dre said I "I'll", hell of a moment  
Asking god for atonement for my sins  
Put Dj's on air literally out of windows for my spins  
I got some commercial shy, I had to feed my kids

Still give Mc's surgery like 30 Lil Kim's  
Back when me Ras Kass where shipping in hamburgers  
Writing thousands of bars, spiting planet murders  
Before the game went so cooperate, shyyt  
I should've chopped off my hand that writes rhymes  
and fuckin auctioned it  
Man I spill flows that nobody smiles B  
Then push release dates back like 50 did Style P  
My features heater is higher than Whitney with a fever  
Keeping niggas on in their toes like thug ballerinas

[Chorus x3]
