I was afraid that you would hurt me this way
Girl I thought that you said that it would be OK
And now you are gone (you've gone away)
And I'm feeling lonely again
Don't know what, how or when you decided to leave
me

Bridge

What am I supposed to do (there's no way I'll survive)
I really need to turn to you (but you're not by my side)

Chorus

Cause you just disappeared
Walked away from me and let me all alone
Without a reason why
You didn't even say goodbye
You just disappeared
Walked away from me and let me all alone
And you know I need you girl (oh oh oh oh)
You just disappeared from my life (hmmmm)

I don't understand why it all had to end
You were like my best friend
I just can't believe it (just can't believe it girl)
Where did it go (where did it go)
Was it something I said (or could it be it was just too
much to soon)
Was I too in love with you

Repeat bridge

Chorus

Cause you just disappeared
Walked away from me
And let me all alone (let me all alone)
Without a reason why
You didn't even say goodbye
You just disappeared
Walked away from me and let me all alone
And you know I need you girl (oh oh oh oh)
You just disappeared

Bridge

Why do you think

It's called a play with my heart

I gave my love and my life to you

So many things that we planned to do

I keep on wishing that one day you'll be back

And rescue me from this hurt and this pain

Chorus 2x
