There were times when I just wanted  
To get the passion started  
But I had to wait till you were mine  
Every time we got together  
I could tell that you were better  
Than all the other girls in my life  
Now that you're with me  
I can see clearly, no doubt  
It was worth all my time  
Whenever I'm in need  
You always seem to know  
How to make it all right, then you  
Give me all your lovin girl  
Give me all of you  
You make me feel so good inside  
You know just what to do  
Give me all your lovin girl  
Give me all of you  
If you give me all your lovin girl  
I'll give my all to you  
You're so happy your my girl  
Let me show how much I care  
When you need me baby I'll be there  
Wanna hold you in my arms  
Wanna keep you close to me  
Cause I know our love was meant to be  
Now that you're with me  
Everyone can see no doubt  
You're the love of my life  
And forever we will be  
Two hearts that beat as one  
Till the end of all time, till the end of time, baby  
Give me all your lovin girl  
Give me all of you  
You make me feel so good inside  
You know just what to do  
Give me all your lovin girl  
Give me all of you  
If you give me all your lovin girl  
I'll give my all to you  
I want

(give me all your lovin girl  
Give me all of you)  
I need, your love, baby  
Cause I want  
(give me all your lovin girl  
Give me all of you)  
I need your love  
(give my all to you)  
Baby  
Give me all your lovin girl  
Give me, give me  
Give me all your lovin girl  
Give it to me baby  
All your lovin, all your lovin  
All my lovin, all my lovin  
All of it  
Give me all your lovin baby  
All of it  
Give me all your lovin girl  
All of it  
Give me all your lovin baby  
All of it  
Give me all your lovin girl  
All of it  
Give me all your lovin baby  
All of it  
Give me all your lovin girl  
All of it  
Give me all, give me all, give me all, give me all  
All of it  
Ad lib fade
